

Scientific Direction

Prof. Dr. med. Fabian Knebel

Sana Klinikum Lichtenberg
Chief physician of the clinic internal medicine II: Focus
cardiology
Fanningerstraße 32
10365 Berlin

Lecturers

Dr. med. Gerd Baldenhofer

Johannesstift Diakonie gAG
Martin Luther Krankenhaus
Senior physician of the clinic for cardiology

Dr. med. Tarek Bekfani (FESC, FHFA)

Uniklinikum Magdeburg A. ö. R.
Senior physician of the clinic for cardiology and angiology
Head of the cardiological outpatient department

PD Dr. med. Nima Hatam (FASE, FETCS)

Universitätsklinikum Aachen, AöR
Senior physician of the clinic for thoracic, cardiac and vascular
surgery (focus cardiology)

Tutors

Dr. med. Ana Jovanovic
Dr. med. Yaosi Li

PROGRAM

Monday, 09.05.2022

Lecturer: PD Dr. med. N. Hatam

- 11:00-11:15 Introduction
- 11:15-12:15 Physical principles, basics of hemodynamics in echocardiography
- 12:15-13:15 Systematic echocardiographic examination I (sectional cuts, normal findings)
- 13:15-13:45 Break
- 13:45-14:45 Anatomy I; Aortic valve, pulmonary valve
- 14:45-15:15 Interactive case studies
- 15:15-15:45 Break
- 15:45-16:45 Anatomy II; Mitral valve, tricuspid valve
- 16:45-17:45 Systematic echocardiographic examination II (procedure, documentation, standard values)
- 17:45-18:15 Physical artefacts, system settings, potential errors

Tuesday, 10.05.2022

Lecturer: Dr. med. T. Bekfani

- 15:30-16:30 Introduction: Assessment of the systolic heart function, CHD
- 16:30-18:30 **Practical session - 2 Ultrasound Machines**
Tutors: Dr. med. T. Bekfani/Dr. med. A. Jovanovic

Thursday, 12.05.2022

Lecturers: Prof. Dr. med. F. Knebel/Dr. med. T. Bekfani

- 13:30-14:30 Introduction: Assessment of the aortic valve and aorta (stenosis, insufficiencies)
- 14:30-15:00 Break
- 15:00-16:00 Introduction: Assessment of the diastolic heart function, hypertonia
- 16:00-18:00 **Practical session - 2 Ultrasound Machines**
Tutors: Dr. med. T. Bekfani/Dr. med. Y. Li

Friday, 13.05.2022

Lecturer: Dr. med. G. Baldenhofer

- 12:30-13:30 Introduction of the assessment of the mitral valve (stenosis, insufficiencies)
- 13:30-13:45 Break
- 13:45-15:00 Emergency echocardiography
- 15:00-15:30 Interactive case studies
- 15:30-16:00 Break
- 16:00-18:00 **Practical session - 2 Ultrasound Machines**
Tutors: Dr. med. G. Baldenhofer/Dr. med. T. Bekfani
- 18:00-18:15 Summary and distribution of certificates
