FACULTY

Prof. Dr. Mohamed Abdel-Wahab

Heart Center Leipzig

Leipzig, Germany

Prof. Dr. Tanja Rudolph

Heart and Diabetes Centre NRW

Bad Oeynhausen, Germany

Dr. Phillip Freeman

Karolinska University Hospital

Stockholm, Sweden

Dr. Arif Khokhar

The Heart Center, Rigshospitalet

Copenhagen, Denmark

Day 1: Vascular Access, Aortic Valve & Troubleshooting

10:00 – 18:30

Section 1: Alternative Access & Vascular Complications

- **Alternative Access Strategies:** Transcaval, transaxillary, transapical, or transcarotid
- **CT-Analysis**
- **LIAB:** Transcaval case
- **HANDS-ON:** Simulator – Vascular Complications & Transcaval Puncture

Section 2: Complex Anatomy & Electrosurgery

- **The Uncrossable Aortic Valve:** Step-by-step approach (Brief overview – 10 minutes max)
- **Coronary Protection & Electrosurgical Techniques:** BASILICA & UNICORN
- **CT-Analysis**
- **LIVE CASE:** Leaflet modification / Electrosurgery
  - BASILICA Simulation
- Lunch

Section 3: Valve-in-Valve, Cracking & Complications Management

- **ViV Bioprosthesis & Cracking Fundamentals**
- **HANDS-ON (Sequential Flow):**
  - 1. TAVI Implantation
  - 2. Bioprosthesis Cracking
- **Tips & Tricks:** Coronary re-access
- **Interactive 3mensio Analysis:** Dedicated TAV-in-TAV case
- Coffee Break

Session 4: Case Discussion

- **BRING YOUR CASE:** Case presentations focusing on alternative access, Valve-in-Valve, and access complications.

GALA DINNER: Thursday evening. Restaurant and time to be confirmed soon.

Day 2: Mitral, Tricuspid

08:30 – 16:30

- **Know the Technology:** Station rotations

Section 5: Mitral Valve

- **Mitral ViV/ViR/ViMAC**
- **CT Analysis for Small LVOT Cases:** LAMPOON, BATMAN & SESAME
- **LIABs:** TMVR with different Devices
- **HANDS-ON:** Mitral Valve (TMVR Workshop & TEER)
- **LIVE CASE #2:** SESAME Case
- Lunch

Section 6: Tricuspid Valve

- **LIVE CASE #3: TTVR with ICE**
- **LIAB:** Challenging Tricuspid TEER and TTVR Cases
- **HANDS-ON:** Tricuspid Simulator – ELASTA technique
- Coffee Break

Section 7: Interactive Case Discussions

- **BRING YOUR CASE:** Case presentations focusing on difficult TEER, TMVR and TTVR, and nightmare complications.
- **Wrap-up & Closure**
